However, there is a slight variation in the "Very Good" ratings, which could benefit from further investigation into specific areas of improvement.

2021-22	16	0	0	5	11
2022-23	18	0	0	6	12

### Alumni Feedback Analysis:

It is essential to gather feedback from alumni to evaluate the curriculum's impact on their careers and professional growth over time. The fact that we have received increasing feedback from alumni suggests that they are actively engaged and interested. Additionally, the vast majority of alumni have rated their experience positively, indicating that the curriculum has effectively prepared them for their careers.

### Practice Teaching Schools/TEI Feedback Analysis:

Practice Teaching Schools/TEI Feedback Analysis: four practice schools participated in the feedback collection initiatives.

Although there is not an extensive amount of feedback from practice teaching schools, the fact that four schools are participating shows a collaborative effort in curriculum evaluation. By further engaging with these schools, we can gain deeper insights into the practical applicability of the curriculum and identify areas for improvement.
